Please amend the paragraph beginning on page 14, line 12 of specification to read:

The techniques shown in the figures can be implemented using code and data stored and executed on computers. Such computers store and communicate (internally and with other computers over a network) code and data using machine-readable media, such as magnetic disks; optical disks; random access memory; read only memory; flash memory devices; ~~electrical, optical, acoustical or other form of propagated signals (e.g., carrier waves, infrared signals, digital signals, etc.);~~ etc. Of course, one or more parts of the invention may be implemented using any combination of software, firmware, and/or hardware.
